Dear Friends and Neighbors:

Thank you for visiting my website. I hope that what you find in this site is both helpful and informative to you and your family. I want to use this website to communicate with you in the future so please bookmark my site and return occasionally for updates.

Now that the legislative session has concluded, many residents have inquired as to what the Legislature did this past session. I would like to furnish you with a synopsis of some the more noteworthy accomplishments of the 80th Legislative Session so you may read it at your leisure and convenience.

The 80th session of the Texas Legislature was a unique legislative session in that no single dominant policy issue took center stage. Instead, lawmakers were busy focusing on their local communities' interests and trying to improve upon laws that constituents were particularly vocal about. This constituent led campaign had the Legislature provide **historic property tax relief**, and also voted to extend those **benefits to elderly and disabled homeowners**.

The remaining highlights of the legislative session are numerous and I will attach the remaining issues as an attachment following this letter. Please know that I consider it an honor to represent your interests in the Texas House and I thank you for your allowing me to continue to serve. Please do not hesitate to contact me if I can be of assistance to you or your family.

Very truly yours,

A handwritten signature in blue ink that reads "Brian".

Brian McCall
